

## The Leading Edge of KODEX-EPD Dielectric Imaging for EP procedures

Wednesday, March 9, 12:00-13:30

Hall B

Chairmen:

- Dr. Michael Glikson, Shaare Zedek Medical Center, Israel
- Dr. David Luria Shaare Zedek Medical Center, Israel
- Dr. Mauro Biffi, Institute of Cardiovascular Diseases of the University of Bologna, Italy

- 12:00 – 12:20 Attendees coming in, getting seated and lunch being served
- 12:20 – 12:22 Opening by Chairmen
- 12:22 – 12:37 The Dielectric Promise – Physiological Based Technology for the EP lab + Q&A  
Dr. Jacob Laughner, Advanced Development Leader, EPD Solutions, MA, USA
- 12:37 - 12:52 The novel KODEX dielectric imaging for Cryoballoon ablation: Near-zero X-ray. contrast-free + Q&A  
Dr. John Hummel, The Ohio State University Wexner Medical Center, USA
- 12:52 – 13:07 KODEX guided ablations in patients with complex atrial arrhythmias: a streamlined approach + Q&A  
Dr. Florian Straube, München Klinik Germany
- 13:07 – 13:22 Innovating toward a new era for tissue lesion assessment + Q&A  
Dr. Lucas Boersma, the Netherlands
- 13:22 – 13:30 Remaining Q&R and conclusion by Chairmen
